PRODUCT INTRODUCTION

Greentest Technology
GREENTEST OFFICIAL MANUFACTURER

Greentest 1

Double probe
Black/White easy-to-clean case

Greentest 1 can detect nitrate content in more than 60 most commonly consumed types of fruits and vegetables. In just 3 seconds, Greentest 1 can tell you whether the nitrate content of fruits and vegetables exceeds the standard and whether the food you got is safe to eat.

Connection to mobile APP, data storage and sharing etc. The timer function has been added to for users convenience to control the cooking time and save the max vitamins and nutrients.

Greentest 2F

Double probe
Black/White easy-to-clean case

A portable smart food safety detector, suitable for checking fruits, vegetables, meat and fish. The equipment uses the latest nitrate detection technology to quickly and accurately detect the nitrate content of more than 60 most common types of food.

In just 3 seconds, Greentest 2F can tell you whether the nitrate content of your fruits, vegetables, meat and fish exceeds the standard and whether the food is safe to eat.

The latest version is equipped with a capacitive screen, which is more sensitive to touch. Bluetooth module is added along with connection to the mobile APP for data storage and sharing. Timer function is added to help control the cooking time.

Greentest 3F

Double probe
Black/White easy-to-clean case

Greentest 3F is made to check the nitrate content in fruits, vegetables, meat, fish and the content of total dissolved solids (TDS value and water hardness) in water. Greentest 3F can not only quickly and accurately detect the safety of more than 60 most common foods, but also the quality of drinking water.

The latest version is equipped with a capacitive screen, which is more sensitive to touch. Bluetooth module is added along with connection to the mobile APP for data storage and sharing. Timer function is added to help control the cooking time.

FEATURES:

- Lightweight and compact size.
- Capacitive screen: tmore sensitive, high-resolution color display and intuitive software interface.
- Fast and accurate results in only 3 seconds, with an error of less than 10%.
- The world's most advanced dual detection probe, small wound, higher accuracy (full series upgrade).
- The radiation detector, Geiger-Müller tube, allows the device to perform accurate measurement.
- Long battery life, USB rechargeable lithium ion 720mAh battery can provide up to 20 hours of use time.
- Friendly after-sales service, warranty.
- APP connection to specialized Android/IOS APP.
- Timer function.

Greentest ECO 4F

Double probe
Black/White easy-to-clean shell

It is an intelligent detection equipment with integrate the nitrate and radiation detection. The equipment enables the newly developed nitrate and radiation detection technology. Greentest eco 4F can not only quickly and accurately detect the nitrate content of 64 kinds of fruits and vegetables in 3 seconds, but also detect the background radiation in the surrounding environment, and remind people not to be exposed to unsafe radiation environment.

The latest product is equipped with a capacitive screen, which is more sensitive to touch; Bluetooth module is added, which can be connected to the mobile app for use, data storage and sharing, etc; Added timer function to help control cooking time.

Greentest ECO 6

Double probe
Black/White easy-to-clean case

The latest and most updated model Greentest ECO6 is a smart detection equipment integrating nitrate, water and radiation detection. Adopting the latest designed capacitive screen and using the newly developed nitrate, water and radiation detection technology, Greentest ECO6 can not only quickly and accurately detect the safety of 60+ commonly consumed fruits, vegetables, fish and meat, but can also detect the quality of drinking water and the background radiation in the surrounding environment, so that users can protect themselves from the unsafe radiation ions.

In addition, users can connect the device to a smart phone and perform detection through the APP.

The latest version is equipped with a capacitive screen, which is more sensitive to touch. Bluetooth module is added along with connection to the mobile APP for data storage and sharing. Timer function is added to help control the cooking time and save the max vitamins and nutrients.

What is inside the box?

1x Greentest
1x User Manual

1x Power Adapter
1x Warranty Card

1x Cable
1x Gift Wrap Box

Usage Scenarios

Greentest devices are your most reliable partner in various of industry and scenario, including but not limited to: Family Healthy Diet, Personal Health Care, Food Safety Inspection, Agricultural Supply Chain, Maternal and Infant, Nursery, Potential Radiation Environment, Nuclear Hazards on Seafood, Radiation Risk Sites, Water Quality Monitoring, etc.

Greentest

OFFICIAL INSPECTION CERTIFICATIONS HIGH QUALITY GUARANT

Greentest technology has received international and domestic patents, certificates, and awards for its great contribution to the development of the global high-tech market.

CERTIFICATE OF CONFORMITY

Certificate of Conformity

Certificate No. : BKC202021SR

Applicant : Shanghai Fudan Shenhua Purification Technology Co., Ltd
Room 1021, building 1, Lane 127, Guotai Road, Shanghai

Manufacturer : SHENZHEN SHIMELIA TECHNOLOGY CO.,LTD
Area201-T1, No.2 Industrial Zone, Xitan Community, Gongming Street, Guangming District, Shenzhen

Product : On board purifier

Model(s) : DZ-S7+, AC-128, AC-156, AC-178, AC-196, AC-1000.

Test Standard : IEC 62321-4:2013+A1:2017
IEC 62321-5:2013
IEC 62321-6:2015
IEC 62321-7-1:2018
